Support. From women's underwear advertisements to international meetings of women executives, we hear about it every day. There are support groups, support systems, supportive environments and supportive husbands. We support ourselves, our families, our charities, and we support each other.

As Thetas, we know all about support. It is the essence of our Fraternity.

Our formal, organized support efforts—networks, clubs, groups—are wonderfully worthwhile. They are important to our society and our work as well as our personal growth. But the support that is perhaps most integral is that which occurs on an informal basis: the note to a troubled friend; a simple smile of encouragement. It is giving up a few minutes from a hectic schedule to listen, and not complaining about it. It is speaking up on behalf of an unpopular cause in which you believe, or sticking up for a friend others are criticizing.

That informal support is something like a spider's web: so powerful, yet infinitely delicate. It is easily torn apart by cruel gossip, false praise and impatience with others' needs and differences. It can be ruined by those who constantly criticize.

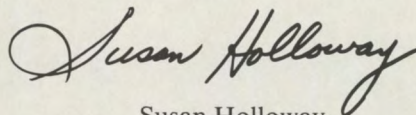

None of us need to be reminded that we are oh, so very human. We get hurt and want to strike back. In a weak moment it is easy to try to defend our choices (at least to ourselves) by condemning those made by others. And most of us, from time to time, indulge in a little "friendly" gossip.

But the line between being human and being damaging is a fine one. In a world filled with choices, opportunities and demands, that line can be difficult to see. But somewhere, within us, we know when we have crossed it.

Thankfully, most of us spend our time building webs of support. And, thankfully, we are part of an organization that not only supports women on a formal, organized basis, but also on that all-important informal level.

We were reminded at Convention of the power Theta has when all of us join together. How exhilarating it is to be part of that! And how important it is to remember the power we have as individuals each day.

Loyally,

Susan Holloway

Where else? The library. **3** Aerobics and running are high on collegians' health list. **Sara Bodensteiner**, Beta Mu, is ready, set, go! **4** Poly Sci, econ, psych, business and comp sci are top rated classes with Theta collegians. **Elizabeth (E.T.) Elsner**, Beta Gamma, takes stock of the news. **5** **Karen Rathgeber**, Delta Omega, wears the traditional collegiate fun fashion—jeans. Is she "cool" or just "psyched"? **6** Sunbathing remains a favorite on the leisure time list of many collegians and **Tracy Modeer**, Beta Iota. **7** **Helen Chick**, Delta Kappa, looks ready for extracurricular action. Thetas prefer campus clubs, blood drives, big/little sister events and intelligent guys with great bodies. Some things never change. **8** Number one 1986 career choice? "Business," says **Joan Hastings**, Chi. **9** Formals are still among Theta collegians' preferred parties. **Caroline Coleman**, Omicron, shows off the favorite formal attire—tea-length dresses.

# Convention '86

## THE SKY'S THE LIMIT!

A Theta thunderstorm hit Scottsdale, Ariz., Sunday, June 22.

Created by the finger snapping, hand rubbing and feet stomping of nearly 700 Thetas attending the 57th Grand Convention, led by Grand President Sue Supple, it was a resounding reminder of the power Thetas have when they join together. (See The Power of Kappa Alpha Theta, page 11.)

Said Supple, "There is no limit to what we can accomplish if we use the power of the unified Fraternity. All of us together can make 'The Sky's the Limit!' a promise for Kappa Alpha Theta."

And that theme, "The Sky's the Limit!," the official 1986 Convention theme (See page 10.) was a promise fulfilled for Theta Convention attendees during the next four

days. From the lighthearted early morning Kite Fly on Sunday to Wednesday evening's ceremonial processional and banquet, spirits of collegians and alumnae soared high. But Thetas' feet were firmly planted in reality: the reality of the needs and concerns of our college chapters and our alumnae, of women's concerns, of dealing well with the world in which we live and of continuing to work to make Theta and Thetas the best they can be.

Convention general sessions, at which all college delegates, alumnae delegates, officers and visitors were united, convened each day. The purpose of the sessions was to present and vote on legislation (the actual purpose of Grand Convention) and to learn about programs and issues of concern to all members.

Thetas gathered early Sunday morning of Convention week to test the limits of the Scottsdale sky with kites and balloons. Below, from left: Shelly Kuney, Carol Trimmer, Sara Keefe, Rosemary Sullivan, Patty McCollum. Theta's 57th Grand Convention was a special graduation gift for Emily Riedlinger, Phi deuterion, and Mary Sobottka, Delta Iota, from their grandmother Eloise Baird Boldt, Alpha Nu, at right.

# Convention '86

Tanya Beck, of Communicators, Inc. in Indianapolis, Ind., and an Alpha alumna, spoke at the first general session about being women of the '90s. She outlined four ideas for living productively: know and like yourself; clarify your values; flow with life; and have faith. Beck also discussed the importance of life dreams and goals, and learning how to deal with stress. Other presentations at general sessions covered finance, liability, public relations, archives and the Foundation. And finally, the general session provided the backdrop for the introduction of the Grand Council for the 1986-1988 biennium (See page 9.).

Each Convention day, lunch (both the food and the programs) was a special treat. Sunday's Canadian luncheon gave Thetas the opportunity to get to know better their sister chapters in Canada. Norma Jorgensen, past Grand President and National Panhellenic Delegate, hosted the Panhellenic luncheon Monday, at which Thetas and Panhellenic guests enjoyed a style show. At Tuesday's lunch, legacies were seated together, and the scramble luncheon Wednesday included a discussion of careers and the Theta Connection Program.

The Scottsdale Registry Resort's poolside proved a perfect place for early morning breakfast meetings.

Beta Nu collegians take a break from Convention sessions.

Barbie Tootle, program coordinator in the office of the president at Ohio State University, informed and entertained Thetas with her creativity seminars.

Among the nearly 700 women attending the 1986 Convention were a number of Theta families including, from left: Holly and Marilyn Huseby; Sue and Molly Supple; Mary Edith and Rebecca Arnold.

# Grand Council 1986-1988

**Grand President Sue Farrell Supple**, Alpha/DePauw, was elected at the 1986 Convention to a second two-year term. A resident of Indianapolis, Ind., she is a former Grand Vice-President College. Supple also served as member-at-large on Grand Council, following service as college district president for District I. During the two years between her retirement from Council and her election as Grand President in 1984, she represented Theta as an alternate delegate to the National Panhellenic Conference.

**Grand Vice-President College Lil Breul O'Rourke**, Chi/Syracuse, was elected to her first term on Grand Council in June. Prior to her election, she served the Fraternity as a college regional director. O'Rourke was also college district president for District V, and has been a member of Gamma Zeta and Chi advisory boards. She works for Syracuse University in Syracuse, N.Y. where she resides.

**Grand Vice-President Alumnae Janet Paine Peters**, Beta Omega/Colorado College, is beginning her second term in this office. Before her election as GVP Alumnae in 1984, she served as a third-term alumnae district president for District VII in southern California. Peters has been president of the Pasadena Alumnae Chapter, as

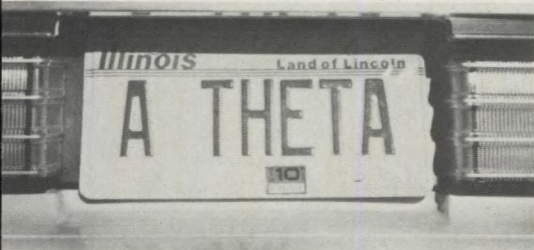

well as the Federation of Kappa Alpha Theta Alumnae in California. She lives in Arcadia, Calif.

**Grand Vice-President Development Marian Andrews Paoletti**, Delta Lambda/Utah, was elected to her second term in June. She served as member-at-large on Grand Council, assigned to the college committee, before being elected as GVP Development in 1984. Paoletti served the Fraternity as an alumnae district president for three years. She makes her home in Phoenix, Ariz.

**Grand Vice-President Education Annetta Tiley Potts**, Beta Phi/Pennsylvania State, is serving her first term in this office. Before her election she was a special officer, Director of Standards Programming. Potts was a member-at-large on Council from 1982 to 1984. She has served the Kansas City, Kan., Alumnae Chapter in many capacities including president. She lives in Prairie Village, Kan., and works for an architectural firm in Kansas City.

**Grand Vice-President Finance Sue Blair-Sheets**, Delta Theta/University of Florida, was elected to her first term in this office. She previously served as a special officer, Director of Pledge Education. Sheets was a member-at-large of Grand Council, administrative committee, from 1982 to 1984. She was a college district president for three years and was president of the Delray Beach Alumnae Club. She resides in Highland, N.C. where she is president of her own real estate firm.

**Grand Vice-President Membership Jane Kent Hedges**, Beta Sigma/Southern Methodist University, is beginning her second term in this office. Before her election as GVP Membership in 1984, she was a member-at-large, college committee on Grand Council. Hedges served as college district president for District XII prior to her election to Council. She makes her home in Quitman, Texas.

Hazel Baird Lease, Grand President from 1964 to 1969, receives recognition for the many Theta Conventions she's attended.

Above, Dottie Stalker Reehling (left) and long-time friend Caroline Carter Hyde are reunited at Convention. Left, former traveling consultants (from left) Lee Wilder Snider, Anne Burr Saliers and Laurie McGregor share memories. Snider and McGregor are currently special officers, and Saliers is a new Foundation trustee.

Alumnae District President Kathy La Grave Klipfel shows the way to the Alumnae Fair, a place for sharing good ideas.

At the "Ask the Experts" sessions, alumnae and collegians were invited to meet informally with Theta experts, including Norma Jorgensen, NPC Delegate and former Grand President.

Throughout Convention, alumnae and collegians met in small groups for special seminars and workshops. Some were designed for very specific purposes: to discuss rush techniques, scholarship, alcohol policies, discipline, fire safety and other practical topics. Others, on a lighter but equally important note, were an opportunity for members to deal with another side of themselves, such as Barbie Tootle's creativity session. And this year's Convention, for the first time, offered some fun, interest workshops. Topics ranged from American originals (Indian jewelry and turquoise) to Yuppie and Yummy skills (projecting a professional image, and courtesy and good manners).

## Theme Contest reveals limitless Theta talent

"The Sky's the Limit!" That was the winning, and also the most popular, entry in the 1986 Convention Theme Contest. Five Thetas entered some version of

that limitless phrase.

Congratulations to:

1. Kerri Mertaugh, Pi/Albion, Ann Arbor, Mich.
2. Sarah Saxon, Alpha Omicron/University of Oklahoma, Oklahoma City, Okla.
3. Kimberly Karpiak, Alpha Gamma/Ohio State, Kettering, Ohio
4. Esther Elzey Cleaves, Alpha Chi/Purdue, San Diego, Calif.
5. Ann Laubheimer, Gamma Upsilon/Miami University, Brookfield, Wis.

Three of the five winners were able to attend Convention: Kerri Mertaugh, by virtue of sending the first winning entry; Kim Karpiak, as delegate for the Dayton Alumnae Chapter; and Ann Lauben-

heimer, as a new Theta chapter consultant.

The response to the Theme Contest, publicized in the Autumn 1985 issue of the *Magazine*, was way beyond expectations. According to Public Relations Director Laurie McGregor, 139 members submitted a total of 245 entries. Entries arrived from Thetas in 37 states and one Canadian province. California took honors for the most participants—25.

McGregor reports, "Each entry was submitted with great care and thought, and loads of creativity. Imaginative Thetas included samples of nametags, buttons, logo artwork and stationery to illustrate their themes." All in all, the sky *was* the limit!

Three of the five Theme Contest winners were able to attend 1986 Convention, from left; Kim Karpiak, Ann Laubheimer and Kerri Mertaugh.

# The Power of Kappa Alpha Theta

Excerpted from Grand President Sue Supple's opening speech at the 1986 Grand Convention.

Give me a T, Give me an H, Give me an E . . . What's that spell?

"THETA!"

What's that mean?

"POWER!"

You have just had a demonstration of Theta Power! When I was a little girl, I always wanted to be a cheerleader, but I could never get the moves down right. I was always too stiff and too embarrassed to get out in front of all those people and try out. But because of Theta power, I knew I could do it here. Because I know I am among sisters who love me, who encourage me to try new things, who will not laugh at me, even though they may laugh with me, I have new courage. I can try new things. That is Theta power.

How many of you have been able to do things because of Theta that you never could have done without it? Let me see a show of hands. See how much Theta power there is. That is power for the individual that comes from Theta. But there is yet another kind of Theta power that is the power we have when we join together for a purpose or a cause. A little later I will show you an example of that. We will make a thunder shower! . . . Theta Power is a wonderful thing, but we do not appreciate what it can do; we do not use it often enough for the right things. Perhaps that is because we don't know for what it should be used.

Our ritual can tell us this, because without our ritual, we are just another social club. Almost every ceremony mentions nobler womanhood. Nobler womanhood—fine sounding words, but what do they mean? Can you define nobler womanhood? Who can? Intellectually, the highest scholarship, socially, the widest influence for good, and morally, the love as expressed in the Moral Code . . . That is our definition of nobler womanhood.

If we were to use Theta power to foster the highest scholarship, be an influence for good and love each other, we could make such a difference in the world. Particularly, if we used the power of the unified Fraternity . . .

Intellectually, the highest scholarship: I have always preferred to interpret this as intellectual development, because without developing your intellect, scholarship is a meaningless term. A recent study showed that 75 percent of high school and college students surveyed cheated or falsified grades in order to achieve some higher ranking or goal. When scholarship is interpreted only as the GPA one makes, it fosters an atmosphere where cheating and changing grades become commonplace. I do not believe our ritual meant for us to interpret scholarship in that manner . . .

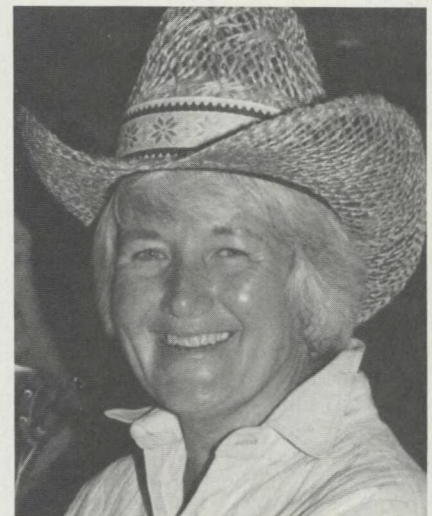

---

**"There is no limit to what we can accomplish if we use the power of the unified Fraternity."**

---

The second aspect of nobler womanhood is to be an influence for good. You can be an influence for good simply by doing something for someone else, and our alumnae and college chapters do a great deal of good for many people through their various service projects. But there are other ways to be an influence for good, which are less obvious but no less important. I want to pursue these possibilities with you today.

Theta is custom-made for giving us all the opportunity to be an influence for good. We were established so that we could help each other accomplish our goals, simply through the support we give each other. We have pledge sisters or pledge moms whose job it is to help the young members establish good study habits, choose the best

Grand President Sue Supple made everyone feel welcome at Convention Fun Night.

professors and most interesting classes, know what to watch out for at fraternity parties. The Theta Connection Program is set up to help young graduates, or older women returning to work, find sisters in the same field who can help them learn the ropes. One of the greatest obligations I believe we all have is to set a good example for the young people who are to follow. In other words, we are to be an influence for good in the lives of others . . .

Perhaps, the most difficult aspect of nobler womanhood is loving in the manner defined in the Moral Code. We are so self-centered in today's world; everyone is so busy that it is difficult to have time for anyone except ourselves . . . Do we not have an obligation to stand for what is right? Can we sit and watch our sisters drink too much, use drugs, lie, cheat, or falsify grades and say that our Moral Code is based on love? As alumnae do we not have an obligation to speak out against illiteracy, injustice, child abuse, sexual harassment, and the other problems that beset our times?

We can do little as individuals, but think what we could do if we unified our power . . . I truly believe there is no limit to what Kappa Alpha Theta can do through all

Continued

# Convention '86

The Power of Theta continued of you! The real power, the ultimate power comes from God, and in no way do I want to imply that Theta is, or should be, a religion. But Kappa Alpha Theta was founded by women who believed in God and who by their actions spoke out against injustice. Our founders believed women had a right to an education, and they understood the power that could come from unity of purpose. From the beginning, they dreamed of a national Fraternity. Bettie Locke and Alice Allen, when asked in later life if they really believed that dream could come true, made similar statements, indicating that they believed God would bless their efforts.

I believe that God will continue to bless Kappa Alpha Theta as long as we use Theta power for the things prescribed by our ritual. It is a difficult task, and we will not always be successful. We certainly will not always be popular. John Masefield wrote a narrative poem about a magnificent sailing ship called the "Wanderer." It was known far and wide for its beauty and for its many adventures. It sailed from port time and time again on many missions, and each time was buffeted and blown by the wind and tides. But it never lost its sense of purpose or its beauty. The closing lines of this poem are:

Go forth to seek:  
the quarry never found  
Is still a fever  
to the questing hound.  
The skyline is a promise,  
not a bound.

Kappa Alpha Theta is a magnificent organization. Our quest is nobler womanhood. There is no limit to what we can accomplish if we use the power of the unified Fraternity. All of us together can make "The Sky's the Limit!" a promise for Kappa Alpha Theta.

Members of Kappa Chapter/Kansas gather at the Fun Night Steak Fry on Tuesday.

Butler collegians, members of Gamma Chapter, enjoy a fun moment at an evening meal.

Convention evenings were no less eventful, with the Academic Excellence Dinner, Kappa Alpha Theta Award Winning Performances, (See page 13.) and the Fun Night steak fry, with skits by officers. As Thetas filed, chapter by chapter, into the banquet room on the final night of Convention, that feeling of the power of united Thetas—so prevalent at the opening session—was renewed.

The closing of the speech given that final evening by Miriam Herman, president of Theta's Yale chapter, was an inspiring finish to the banquet and Convention. Herman recited her version of a favorite quotation:

Shoot for the moon  
For should you stumble  
You will land among the stars.  
Thetas always do.

## Dealing with date rape

I would like to commend Kappa Alpha Theta for dealing honestly and openly with the difficult and sensitive issue of acquaintance/date rape. As the advisor to a sorority system with nearly 3,000 women statistically vulnerable to this ubiquitous phenomenon, I am alarmed and concerned by the prevailing social attitudes that seem to support and, indeed, encourage date rape and the attending nonchalance of both men and women on the college campus.

I believe it is incumbent upon women's fraternities to take a leadership role in creating informed awareness and concern for this problem area that so directly affects its members. Strong direction and support from the national headquarters will help reinforce and enhance the efforts being made at the local level. I hope every fraternity will follow your lead.

Thank you again for showing your care and concern for your members.

Sincerely,  
*Suzanne Colgan*  
Advisor to Sororities  
The University of Georgia

I would like to commend you for addressing the issue of date rape in the Spring Theta *Magazine*. I think it is crucial for women of all ages to be informed about the realities of life, no matter how unpleasant. As they say, ignoring it won't make it go away.

Loyally in Theta,  
*Patricia Carruthers*  
Omega/University of California,  
Berkeley, Class of '85

Bravo! Your well-informed article on acquaintance rape ("Date Rape," Spring 1986) is an important contribution to the understanding we all need to develop in order to change our society to one that is

rape free. The *Ms. Magazine* study referred to provides the perfect illustration of how much all our attitudes need to change on this vital subject.

As a one-time instructor in this field, I extend my personal thanks for your choice of this topic as well as your treatment of it.

Very truly yours,  
*Rebecca M. Baker*

## Bringing back memories

As advisory board chairman for the Alpha Upsilon Chapter, it was a pleasure to open up the Theta *Magazine* and see the article about our chapter.

How vividly I remember the June 8 tornado—what a frightening experience! I was a member one year prior to the opening of the new house. After rush parties in alumnae homes and Monday night dinners at the restaurant, it was truly a wonderful and memorable experience to move into our brand-new Theta home. As I did then, I now as an alumna can truly appreciate the efforts that went into making our house a reality.

Thank you for making our dream known to Thetas across the country.

Most sincerely,  
*Julie Friedstrom*

Your interesting article in the Spring *Magazine* about the Wee White House brought back happy memories. I assisted in installing the Beta Tau Chapter in June 1929 . . . The installation was in the Wee House, several years before any additions. There were so few Thetas that grand officers helped with the ceremony for the first group.

Mr. Smith and I have been to the Granville Inn several times and I always ask to drive past the Wee House. May this chapter always

treasure this chapter house of 57 years.

My best wishes to all,  
*Ruth Stone Smith (Mrs. Marvin M.)*

Your recent feature story about the discovery by Thetas at Miami University, Oxford, Ohio, that Mary Rieman Maurer, in an Oxford retirement home, is from Beta Chapter, Indiana University, must have delighted many readers like myself. Mary Rieman was a very popular campus coed. I remember how handsome she was then and later. I knew her first when I was a very young teen-ager, a "faculty kid," living in a big house just across Third Street from the beautiful I.U. campus . . .

Mary Rieman and her Theta upperclassman Ruth Herdrich, who we also got to know, both became distinguished alumnae in years that followed. Mary was a district officer of Kappa Alpha Theta, visiting the chapters in several states. She was national president of Tri Kappa. She didn't marry early, then chose Bill Maurer, like herself, one who "never knew a stranger."

Mary became the second woman ever to serve on the Indiana University board of trustees, giving invaluable service with Bill's backing . . . When both had retired, they lived in Indianapolis, where Bill died. Mary had eye surgery problems, which caused her to choose the retirement home where the Miami Thetas found her, as ever outgoing and responsive among people of all ages.

A Beta Theta and  
retired newspaperwoman,  
*Elisabeth Johnston Yager*

**Editor's Note:** Mary Maurer's name was spelled incorrectly in the Spring issue. We apologize for the error, and thank Elisabeth Yager for her letter.

# CHOICES

## TOTAL HEALTH EDUCATION THROUGH AWARENESS

During this past year, Theta's alcohol awareness program has been enlarged to encompass substance abuse: alcohol, drugs and eating disorders. Originally intended for a collegiate audience, the program is now seen as one that will benefit Thetas of all ages, everywhere. The new program is called the Choice program and our newsletter, to be published three times a year, is called *Choices*. The Choice program is based on the concept of THETA—Total Health Education Through Awareness.

All of you know that substance abuse is not confined to the college campus. Women everywhere have to cope with substance abuse: in themselves, their families and their friends. Choice intends to provide information and programming ideas for college chapters, alumnae

chapters and alumnae clubs.

The AAA Alcohol Awareness Activities program, featured in previous issues of the *Magazine*, has been retained as part of the whole Choice program. To be a AAA chapter, each group has to complete a number of activities, including presentation of alcohol awareness information to the pledge class and chapter, involvement in parties at which alcohol is not the primary focus, the hosting of non-alcoholic theme parties with other Greek organizations, dissemination of material in the *Choices* newsletter, and participation in a campus seminar on alcohol awareness. In addition, for next year's AAA qualification, activities associated with bid night, pledging-in night and initiation must be completely alcohol free.

We are eager for as many chapters as possible to participate in this program. Last year only a little more than one-third of Theta chapters involved themselves. We are setting a goal of 50 percent participation for 1986.

Clearly the Choice program is one in which all Thetas can take part. Substance abuse is affecting too many of us to ignore it.

*Eleanor Baker*  
Choices editor

## AAA Activities

Many chapters came up with some creative and fun-sounding AAA activities. Here are some of the most interesting ideas:

### 1. **Theta Goes to Hollywood**

Videotape some of the funny events that your chapter participates in during the year. Play them back, with plenty of soda, popcorn and tissues to mop up the tears of laughter.

### 2. **Fratry Friends Party**

Every member of the chapter should invite a friend from another sorority back to the chapter house for an ice cream social.

### 3. **Milk and cookies party**

Sponsor it with another fraternity on a Friday night. Bring in a huge milk truck and a ton of cookies. Then have fun.

### 4. **Taxi Fund**

Establish a chapter taxi fund. If anyone is caught at a party—any party—with a date she does not trust to get her home safely, or questions her own ability, or a Theta friend's ability, she may call the local cab company (post the number by the phone) for a ride. Theta will pay her back.

### 5. **Thrift Shop Party**

Head to the local thrift shop before going to the party. Hire a candid photographer to record all the creative costuming.

### 6. **Brain-strain**

A sort of Jeopardy-type game, with all the categories devoted to alcohol awareness.

### 7. **Trick or Treat**

Trick or Treat at the sorority house for children of your local alumnae. It will be safe for the kids, and the chapter will get to know the alumnae members.

## Foundation Donors Double

Kappa Alpha Theta Foundation's 1985-1986 Fund Drive, "25 Years of Service," surpassed all previous giving records. More Thetas than ever before generously contributed to the Silver Anniversary Foundation campaign. Those tax deductible donations are making possible the continuing philanthropic efforts of the Foundation.

Because of you and your charity, thousands of dollars go to scholarships for young Thetas; thousands go to help the communicatively handicapped at the Institute of Logopedics; and thousands of dollars support leadership training, chapter consulting and the educational projects of our Fraternity.

On behalf of the Foundation Board of Trustees, I thank you for your loyalty, dedication and contributions to the Kappa Alpha Theta Foundation.

*Marjorie C. Schnacke*  
Foundation President

• Kappa Alpha Theta is pleased to honor alumnae who supported the Foundation during its 25th anniversary years, with membership in recognition levels: \$1,000 Life Member; \$250 Silver Anniversary Member; \$100 Founders Society; \$50 Golden Pansy Club; \$25 25th Anniversary Honor Roll.

• Contributors of \$25 or more have their names listed on an honor roll at Theta headquarters.

• Contributors with asterisks (\*) preceding their names contributed to the Foundation's fund drive in 1984-1985 and 1985-1986 (Sept. 1, 1984-June 1, 1986).

• The Fraternity has converted membership records to its new computer. If your name or address appears incorrectly here or on any

mail received, please call or write Central Office. Thank you for your patience and cooperation.

• Contributions received after June 1, 1986 will be acknowledged in the Autumn, 1987 issue.

## Founders' Scholars

**BETTIE LOCKE  
HAMILTON  
SCHOLAR**

**Kristin Rankin**  
Kappa/Kansas

Kristin is a junior, majoring in chemistry, with plans to enter medical school upon graduation. Enrolled in the Honors Program at the university, she maintains a 3.96 grade point average. Kristin is currently serving as vice president-efficiency and formerly served as archivist. She was on the pledge education and scholarship committees. She is a member of Alpha Chi Sigma (professional chemistry honorary) and Omicron Delta Pi, in addition to receiving numerous honors each school year. Kristin's volunteer work shows her interest in programs involving the mentally handicapped. This outstanding young woman shows a deep love and devotion to Theta.

**BETTIE TIPTON  
LINDSEY  
SCHOLAR**

**Michelle Collins**  
Alpha Mu/Missouri

Michelle is a junior majoring in journalism and maintains a 3.92 grade point average. She has served her chapter as historian/archivist. While a freshman, Michelle was state vice president for the Future Farmers of America, traveling between 10,000 and 12,000 miles for more than 75 speaking engagements. She is a Special Olympics volunteer, a Sunday School teacher and substitute organist for her church. Michelle's outstanding leadership qualities are further evidenced by her service as president of University Women's Panhellenic Council, where she has helped coordinate rush for more than 900 college freshmen.

The Founders' Memorial Scholarships were established to honor, annually, four outstanding undergraduates who demonstrate and exemplify excellence and the leadership skills of our founders. Chosen from 18 district nominees, each Scholar receives \$2,500 for her education.

**ALICE ALLEN  
BRANT  
SCHOLAR**

**Sandy Pasternock**  
Delta/Illinois

Sandy is a junior majoring in English and pre-law. She has served on the standards and editing committees and currently is vice president-pledge education. She is a member of three scholastic honoraries: Omicron Nu, Phi Eta Sigma and Alpha Lambda Delta. Music is an important part of Sandy's life as is evidenced by her lead roles in several musicals. She is a member of Panhellenic council and a student ambassador. Her 5.0 grade point average on a scale of 5.0, together with her many campus activities, shows her to be a remarkable young woman.

**HANNAH FITCH  
SHAW  
SCHOLAR**

**Wendy Morton**  
Delta Sigma/Ball State

Wendy is majoring in psychology at Ball State University in Muncie, Ind. She has served as a member of the standards committee and is currently in her second year as president of her chapter. Wendy is a member of Rho Lambda and Alpha Lambda Delta, as well as the recipient of an undergraduate fellowship which enabled her to work in research in the school's Institute of Gerontology. She is presently one of two parent program coordinators chosen to work on the summer orientation program. Wendy maintains a 3.88 grade point average and is an outstanding young woman.

## Graduate Scholars

Robin Reese

### Foundation Fellowship Winner

**Robin Galynn Reese**  
Delta Eta/Kansas State

Robin graduated with a B.S. in speech education in 1980. She taught high school English and was director of forensics in Kansas before continuing her studies at Central Missouri State University, obtaining her M.A. in Communication in 1984, receiving the Most Outstanding Graduate Student Award. She currently holds an assistantship in the department of speech communication at the Pennsylvania State University while pursuing her Ph.D. in speech communication, rhetorical theory/criticism relations. Robin plans to continue an academic career as an educator and a researcher with an ultimate goal of establishing herself as a scholar in the field of speech communication with a research focus in international politics, particularly U.S.-Soviet relations. Not only dedicated to her academic pursuits, she has also garnered awards in national forensic competitions, and presented papers and publications at noteworthy professional association conferences in the speech and communications field.

### Jeanne Ross Miller Scholar

**Linda Nelson Butts**  
Gamma Nu/North Dakota State

Linda graduated in 1969 with a B.A. in math, and minors in journalism and communication. After operating the family farm with her husband for the past 16 years, she has decided to build on her undergraduate background and pursue a business degree in accounting with plans to sit for the CPA exam in 1987. Her objective is to start a company, which would specialize in locating capital to fund farming operations through limited partnerships. Always a leader with business acumen, she was treasurer and president of Gamma Nu. Linda has also played an active roll in community affairs.

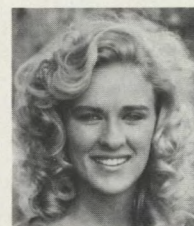

Linda Butts

### Louise Johnson Miller Scholar

**Shila Ann Fletcher**  
Alpha Omicron/Oklahoma

Since graduating with highest honors in news communication in 1982, Shila has worked as an award winning reporter and photographer. Writing for *The Oklahoman*, the state's largest newspaper, formed her interest in juvenile issues. As she is quick to say, her objective is "Simple . . . to make a difference in the juvenile justice system of Oklahoma." To that end she will pursue her law degree with the goal of becoming a juvenile justice judge. Shila says, "I want to help disadvantaged young adults reach their full potential . . . enabling them to dream the high ideals our fraternity strives for in everyday living." In addition to an outstanding academic career, she has clearly earned the respect of her peers for her devotion to both her Fraternity and campus community.

Shila Fletcher

Suzanne Rowe

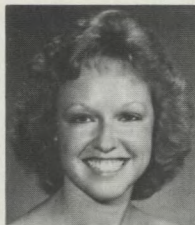

### Jean Johnson Smith Scholar

**Suzanne Elizabeth Rowe**  
Delta Theta/Florida

Suzanne graduated from the University of North Carolina with honors, Phi Beta Kappa, with a B.A. in international relations, 1983. With a motto of "We can always do everything," this multi-talented Theta surely will! Studying for her law degree at Columbia University is her current challenge. She plans to specialize in international commercial law. Her desire is to participate in the formulative stages of international law, possibly in a diplomatic position. She has a special interest in Soviet affairs. Suzanne has earned accolades in extra-curricular areas as well.

# KAPPA ALPHA THETA FOUNDATION

Vanessa Ammen

Suzanne Danielson

## Shirley Shields Smith Scholar

**Vanessa Kaye Ammen**  
Delta Phi/Clemson

Vanessa graduated with a 4.0 (President's List) with a B.A. in psychology. She will pursue her degree at the University of South Carolina Medical School, with plans to specialize in the clinical, primary care field, such as family practice or pediatrics. Her impressive academic record speaks for itself, but her remarkable scholastic achievements have not been obtained at the expense of extracurricular activities. Throughout her college days she held leadership roles in chapter and campus endeavors, continually seeking positions to serve others.

**Linda L. Brady**  
Gamma Upsilon/Miami

Linda graduated with a B.S. in speech and audiology in 1986. Pursuing an M.S. in speech and language pathology at the University of Michigan, Linda's major interest lies in work with young children and infants who are neurologically impaired. Upon completion of her clinical fellowship year, she will continue her studies for a Certificate of Clinical Competence. She hopes to effectively use her skills in a hospital or clinic setting, helping the more severely impaired and delayed individuals. With logopedics such a part of our Fraternity's concern, it is particularly rewarding to be able to aid this young lady.

## Harriett D. Hull Award

**Carolyn Bielefeld**  
Beta/Indiana

Carolyn graduated in 1986 with a B.S. in marketing. Part-time work during her undergraduate years for a local attorney was the major influence in her career decision. She will pursue a law degree at the Indiana University School of Law, with primary emphasis on securities law. Always civic and service minded, Carolyn headed up such projects as a toy campaign for needy children and a campus blood drive while on the steering committee of the Student Foundation. An inspiration in the Fraternity as well, she developed the first standards manual for Beta Chapter, which has been highly commended.

Linda Brady

Susan Campbell

**Susan Dietrich Campbell**  
Delta Nu/Arkansas

Susan received a B.S. in speech in 1973; M.S. in speech in 1983. She is currently studying for her Ph.D. in speech pathology at the University of Oklahoma. Since graduation she has worked as a licensed clinical speech pathologist, gaining invaluable field experience. An established competent clinician, Susan reassessed her goals and elected to complete her education through pursuit of the doctorate. Her ultimate goal is to join a university faculty. Her enthusiasm has been evident throughout her academic career, and has not compromised her caring and compassionate nature or her role as a model mother.

Carolyn Bielefeld

Jeanne Borkowski

**Jeanne Marie Borkowski**  
Gamma Sigma/San Diego State

Jeanne graduated magna cum laude in 1986 with a B.A. in organizational psychology. Her ardent interest in business and psychology has led her to the field of industrial and organizational psychology. She will pursue a Ph.D. at DePaul University, with an emphasis on research and instruction in the diagnosis of organizational problems. Jeanne has been involved with a myriad of research projects, including teaching with autistic children. A gifted student and recipient of numerous campus awards, her exceptional leadership and organizational skills have culminated in her presidency of Gamma Sigma and the honor of being chosen Greek Woman of the Year.

**Suzanne Clark Danielson**  
Lambda/Vermont

Suzanne received a B.S. in 1952, and M.S. in 1954 in English/education, and is studying for a Ph.D. in American Studies/Curriculum. It was through Theta and the Institute of Logopedics that she became interested in the field of language and reading disabilities which has been the area of education in which Suzanne has concentrated for 30 years. Known best for her unquestioned credentials in the education/curriculum field, she has received accolades for her work on federal grant projects. A devoted teacher, she is also a tireless civic organization volunteer and leader.

## Graduate Scholars

**Anne (GiGi) Elizabeth Graham**  
Gamma Upsilon/Miami

Anne received a B.A. in sociology, 1985 and is currently enrolled at the University of Cincinnati in the M.A. program in rehabilitation counseling, with an emphasis on family therapy. She would like to become a family therapist and to "make life and this world a better place." This aspiration is but an extension of her close family relationships and her caring, sensitive support of her Theta sisters throughout the years. Receiving the chapter's "Most Spirited Theta Award" says it all.

**Margaret Nelson Indeck**  
Beta Omega/Colorado College

Margaret graduated in 1980 with B.A. in anthropology. She worked and waited five years to begin the medical education (at the University of Colorado Health Science Center) which was her dream. Always interested in the health field, her compassion was evident on campus as she was active in the Special Olympics program. She also broke ground as one of the first female athletic trainers for a varsity team. Commitment is the byword for this energetic, unselfish Theta. Her dedication to the pursuit of her chosen career is "virtually unparalleled," writes one professor.

Susan Mathison

**Esther Sullivan Kottwitz**  
Alpha Upsilon/Washburn

Esther received her B.S. in psychology in 1982, and M.A. in psychology in 1985. She has worked as research assistant and teacher since graduation, and is currently program assistant for a funded grant project at the University of Kansas, while she pursues her doctorate in developmental and child psychology (early education). Her ultimate goal is to work in the area of child therapy, either through a community mental health center or school-based program. She is especially interested in developing therapeutic programs for children who exhibit serious behavior and learning problems.

Anne Graham

Margaret Indeck

**Susan M. Mathison**  
Phi deutron/Stanford

Susan graduated with a B.A. in human biology in 1985. This Founders' Memorial Scholar has deferred her medical studies at Southwestern Medical School to accompany a volunteer medical team to aide the poverty stricken coastal town of Chimbote, Peru—devastated by the massive 1970 earthquake. This is indeed typical of Susan who throughout her student years continually chose pathways dedicated to service, while maintaining excellence in her academic record. Devoting her unbounded energy to medically oriented public service, she also developed an interest in rehabilitation medicine, and has extensive experience as an athletic trainer.

Esther Kottwitz

Pamela Pasternak

**Pamela Bart Pasternak**  
Gamma Theta/Carnegie-Mellon

Pamela graduated in 1977 with a B.A. in creative writing. She is a masters candidate in counselor education at the University of Pittsburgh and would like to pursue a career working at colleges/universities with Greek systems. She affirms, "The potential for personal growth that is offered by the Greek system is something I want to strengthen and promote in the University community." Hoping to work through the Office of Student Affairs, her degree will enable her to expand her understanding of the needs of college students and effectively deal with the unfortunate compounding problems of today's campus community.

**Cheryl Blowey Rude**  
Kappa/Kansas

Cheryl graduated summa cum laude in 1981 with a B.S. in business administration. She is currently enrolled at Wichita State studying for a master of arts degree in counseling. Cheryl has been in full-time youth work for the past five years, as Director of Youth Ministries for the First United Methodist Church. Always involved in activities promoting physical and spiritual well being, her work with young people sparked her desire to work more closely with the family unit in which she believes so strongly. Upon graduation, her plans are to work with organizations providing individual and family counseling services.

Cheryl Rude

Susan Schram

## **Susan G. Schram** Beta Pi/Michigan State

Susan graduated with a B.S. in human ecology in 1970, and an M.A. in 1973. Currently Susan is developing research, policy analysis and program development skills in the Department of Agriculture and Extension Education at the University of Maryland, while pursuing her doctorate in agricultural development. After 15 years of service in the U.S. Food and Agricultural Research and Education System, she decided a Ph.D. was necessary to make a broader contribution to the field of international agricultural development and alleviation of world hunger.

## **Community Involvement Programs**

In order to channel Foundation funds back into the local communities of Theta alumnae, the Community Involvement Program (CIP) was created in 1972. More than \$50,000 has been distributed to local charities through the Program's grant procedure. In 1984, 12 \$1,000 grants were awarded. The grants are made each Convention year, and any chapter, club or individual Theta may apply on behalf of a local charity. In 1986, the Foundation awarded 14 CIP grants, totaling \$14,000.

1986 Community Involvement Program Grants were awarded to:

**THE CHILDREN'S MERCY HOSPITAL**—The Greater Kansas City Alumnae Chapter is interested in helping develop an activity center for the purpose of welcoming, comforting and supporting special children with hearing and visual impairment, learning disabilities and serious mental disorders.

**FUN IN THE SUN Camp for Diabetic Children**—The Spokane Alumnae Chapter has long supported this summer camp that affords juvenile diabetics from the Spokane area the opportunity of a camp experience reinforced with quality diabetes education.

**JOYOUS GARDE-TULIP TRACE COUNCIL GIRL SCOUTS**—The Bloomington Indiana Alumnae Chapter supports this special Girl Scout program. It is a prevention/intervention project targeted to girls at risk of delinquency or serious addiction problems, who would not otherwise be exposed to Scouting due to inadequate or poor family background.

**PHOEBE'S HOME**—The Delta Omega Chapter at Texas A & M University contributes support to this shelter for abused women and their dependent children with food, clothing, linens and funds from special projects.

**HOSPICE OF DUPAGE, INC.**—The DuPage Suburban Alumnae Club in Illinois contributes its special project fund to help any man, woman or child and their family in a life threatening situation, including families of suicide victims.

**ALICE PAUL HOUSE**—The Cincinnati Alumnae Chapter contributes funds and gifts to this shelter, which provides supporting environments and needed services to women and girls in need of protection from abuse. It offers employment opportunities and education.

**YOUTH YELLOW PAGES**—The Wichita Alumnae Chapter works with the Medical Society Auxiliary in this Kansas Action for Children project. The Youth Yellow Pages is a self-referral resources directory of community services, for pre-adolescents and teen-agers, to promote health and health education.

**LITERACY SERVICES OF WISCONSIN, INC.**—The Milwaukee Alumnae Chapter members serve as volunteers and board members of this project. Tutoring is done throughout Wisconsin, providing education for adults who need and want to improve their reading and writing and/or English speaking skills.

**HOSPICE OF AUSTIN**—The Austin Alumnae Chapter members work as volunteers and wish to contribute to the purchase of video equipment to train volunteers. The Hospice provides coordinated care and support to terminally ill patients and their families.

**GOOD SHEPHERD SCHOOL FOR CHILDREN**—The St. Louis Alumnae Chapter Scholarship helps provide special education, speech and language therapy and parent guidance to developmentally disabled children and their families.

**SEED (Sewall Early Education Development)**—The Denver Alumnae Chapter early intervention program for physically handicapped and developmentally delayed children, ages birth to six. Services provided include classroom programs, parent training, support services and evaluation. The goal is to improve individual and family functioning.

**GREAT FALLS CHILDREN'S RECEIVING HOME, INC.**—The Great Falls Alumnae Club helps provide emergency shelter care to children who are victims of physical, sexual and emotional abuse or who are abandoned or otherwise in need of shelter.

**ALCOHOL AND DRUG INFORMATION AND REFERRAL CENTER**—This is a Theta project maintained and staffed by Alpha Lambda members with help and financial support from the Seattle Alumnae Chapter. Their efforts help in the continuation of this information center for University of Washington Students.

**WATER WORKS**—A project for the Muncie Children's Museum supported by the Muncie Alumnae Club. The funds will help complete the installation of a hands-on educational tool to this on-going philanthropy of the Muncie Thetas.

Sherri Moegle

## OF PEOPLE

### Collegians

Vivacious, bubbly, with an ability to make a person feel at ease—the Gamma Phi Chapter recognized those traits in **Sherri Moegle** when she went through rush in 1984. Judges were looking for those same qualities when they selected Moegle as the National Maid of Cotton in December, 1985. Twenty finalists from 10 cotton-producing states were judged on the basis of personality, poise, communications skills and appearance during three days of activities in Dallas.

Moegle received a \$10,000 educational award, as well as her entire Maid of Cotton wardrobe of 100 percent cotton fashions.

**Jeanne Borkowski**, Gamma Sigma, was awarded a \$3,000 scholarship by the National Interfraternity

Foundation. Borkowski, who graduated magna cum laude in May with a B.A. in organizational psychology, was one of 11 winners who received a total of \$20,000 from the NIF's Lloyd G. Balfour Fellowship Program. She will pursue a Ph.D. at DePaul University.

The Balfour Fellowship Program provides financial assistance to full-time students enrolled in accredited graduate or professional schools. Established in honor of Lloyd G. Balfour, the fellowships are open to initiated members of men's and women's college fraternities.

A member of Beta Phi Chapter's Fall 1985 pledge class, **Amy Wharton**, was crowned as the 1986 Miss Teen of America in September, 1985. Wharton, a freshman majoring in speech communications at Penn State, competed with 50 outstanding young women in the national pageant held in Duluth, Minn. Participants were judged on scholarship and service projects, speech and talent abilities, plus a personal interview. During her year-long reign, Wharton's travels will take her to every state in the United States and Australia.

The Panhellenic Council at Whitman College proposed last fall that \$50, to be used toward the purchase

of a sorority badge, would be awarded to the pledge with the highest grade point average. New Theta initiate **Teresa Shirley**, who achieved a 3.9 average for the Fall 1985 semester, was the winner in a group of more than 85 young women competing.

Theta member **Kate Haffner's** Madonna look-alike performance won her an appearance on MTV and second place in the grand finals of Rock Alike, a lip sync competition to benefit the National Multiple Sclerosis Society. Haffner, a sophomore at Dartmouth, from Cincinnati, Ohio, was sponsored by her chapter, Epsilon Kappa, as part of their work in the Students Against Multiple Sclerosis (SAMS) fundraising effort. The money raised across the country will be used to help finance research of multiple sclerosis, a neurological disease that strikes young adults. The contest began in February and ended with the finals in June.

### Alumnae

**Amy Grant**, gospel/pop star and Theta, was awarded a Grammy for her hit single *Unguarded*. Grant received the Best Gospel Performance, Female, award at the annual presentation in Los Angeles in February.

This year, four very special Thetas will receive a newly-created award for 25 years of service as state chairmen or permanent alumnae secretaries. The following women will be recognized for their years of dedicated service in keeping the membership records of Kappa Alpha Theta current: **Jane Chadwell Delony**, Tennessee State Chairman, 26 years; **Catherine Tillotson McCord**, Permanent Alumnae Secretary of Alpha Chapter, 27 years; **Marion Hedden Hinderer**, Permanent Alumnae Secretary of Alpha Omega Chapter, 27 years; and **Margaret McCulley Jarvis**, Permanent Alumnae Secretary of Gamma Pi Chapter, 27 years.

Norma Jorgensen, Hilary Salatic, Sue Supple and Gamma Mu members, with Senator Nancy Kassebaum in Washington, D.C.

**Tommi Adelizzi**, Omicron, was named a Woman of Dedication by San Diego's Door of Hope Auxiliary of the Salvation Army. Adelizzi—selected for her volunteer efforts on behalf of hospitals, educational institutions and cultural/civic organizations—was among 14 women honored in February.

**Frances Lynch Yeend**, for many years a leading soprano at the New York City Opera, sang the Beethoven Ninth Symphony with the Boston Symphony Orchestra last December. Yeend, Alpha Sigma, was introduced by Sarah Caldwell, for whom Yeend's husband, pianist James Benner, is musical director. The acclaimed soprano has done two recordings of Beethoven's

Ninth and has been teaching at West Virginia University where she is artist-in-residence.

## OF EVENTS

Theta members in the Columbus, Ohio, area and across the country have endowed an educational trust fund honoring Upper Arlington resident **Virginia Speidel Edwards**. Edwards has served the Fraternity in many capacities, including Grand President. Announcement of the scholarship, which was a surprise to Edwards, occurred at a luncheon celebrating the 50-year anniversary of the local Upper Arlington Alumnae Club.

Grand President Sue Supple paid a visit to **Gamma Mu Chapter** at the University of Maryland last fall and praised them saying, "They have made tremendous progress as a chapter and are a strong group of women." During her visit, Supple, NPC Delegate Norma Jorgensen and college members of Gamma Mu met with Senator Nancy Kassebaum, Kappa Chapter, in Washington, D.C.

**Gamma Omega Chapter**, on the campus of Auburn University, will celebrate its 30th birthday in conjunction with Founder's Day, January 24, 1987. Collegians are attempting to contact as many Gamma Omegas as possible in hopes of celebrating a reunion with sisters from every pledge class. If you have questions, suggestions, news or addresses, please send them to: Pat LaCoste, 110 Bonita Drive, Birmingham, AL 35209; or Susan McIntosh Housel, 1970 Canary Dr., Auburn, AL 36830.

## Martha Smith White

When Marty White was elected Grand President of Kappa Alpha Theta at the 50th Grand Convention, the Convention theme was "Excellence Always." That theme might also have been Marty's.

Marty was initiated into Beta Beta Chapter at Randolph-Macon in 1935. She later affiliated with Alpha Iota Chapter at Washington University in St. Louis, where she graduated. For 22 consecutive years—from 1964 until her death in 1986—Marty served as a dedicated officer of Kappa Alpha Theta.

She was a college district president for District XIV, member-at-large of the 1966 Grand Council and Grand Vice-President Service from 1970 to 1972. In 1972 Marty was elected Grand President and began the first of two terms. After her retirement as Grand President, Marty continued in Panhellenic work as an alternate delegate to the National Panhellenic Conference. She was also the area advisor for the Pacific Northwest College Panhellenics. Then, in 1976, she accepted the appointment as Fraternity historian.

Says Marty's long-time Theta friend Jane Gallup, former Theta editor, "Marty approached the work of compiling the Fraternity historical data for the decade 1976 to 1986 with the same vitality and enthusiasm that was her trademark. Regretfully, she didn't live to see her work in print." (*Kite Flight*, the Fraternity history for the past decade was published and distributed in Autumn 1986.)

Marty's life, of course, encompassed more than Theta. "Marty was a person of many interests and skills," reports Gallup. "She grew orchids in a green house at her home in Portland, Oregon. She even brought an orchid for each Council member to Council meetings—and that was when we had a 15-member Council."

When Marty and her husband, Bob, retired, they chose the island of Kauai, where they had vacationed for years. Kauai is known as the Garden Isle of the Hawaiian Islands and, according to Gallup, "Marty grew flowers and vegetables to her heart's content."

Lissa Bradford, former Grand President and NPC alternate delegate reports that Marty was also an avid golfer. She says, "We played together several times, but I will remember the first time best. It was at the Council meeting in Scottsdale in February 1974. Marty, Carolyn Carter and I got up early to play nine holes before the

Marty White

9 a.m. meeting. The first hole was a rather short par three, and Carolyn put her ball nicely on the green. I went next, getting my ball a bit closer to the hole. Marty went last and put her ball in the hole for a hole-in-one. That night we celebrated, compliments of the hotel."

In golf, in Theta, in all that she did, Marty was known for excellence. She is remembered as being extremely efficient—"right down to the immaculate, color-coded files." She was someone who many felt they could rely upon and many, including the Fraternity, did just that. Marty was far sighted and as Grand President worked on issues that she saw as future concerns of the Fraternity: investments, chapter accounting, delinquency procedures and litigation.

But those who knew Marty knew that she was much more than organized. Remembers Bradford, "She was a people person. She had a smile and a twinkle in her eye that could turn on a room of 500 people of all ages. Although small in size, she was always in command of any situation and one immediately had confidence in her judgement and her ability to do a beautiful job of whatever she set about."

Finally, Marty is remembered for her integrity. "Marty White firmly believed that the values of the Fraternity were strong enough to see it through any adversity and that it would continue to grow and prosper if we adhered to our basic goals," says Gallup.

"The only time I ever knew Marty not to keep a promise was the last time," recalls Bradford. "I talked to her after the latest cancer discovery. She told me she was going to 'lick this thing and be at Convention.' I believed her because she said it with such determination, because she always did what she said she would do—and because I wanted her to be right."

# College Chapter Scholarship Report

January-December, 1985

The pursuit of highest scholarship is the intellectual aim of our Fraternity. Today that is as true as it was in 1870 when we were founded. Scholarship and intellectual development must be high on our list of values to remain relevant as an educational institution.

The college chapter encourages academic success consistent with each individual's ability. Grades frequently are not accurate measures of learning but, at the same time, they do permit an evaluation of achievement. They can be useful in setting measurable goals for individuals and for chapters. Each member sets her personal goal and strives to attain that goal, thereby gaining satisfaction in learning and accomplishment.

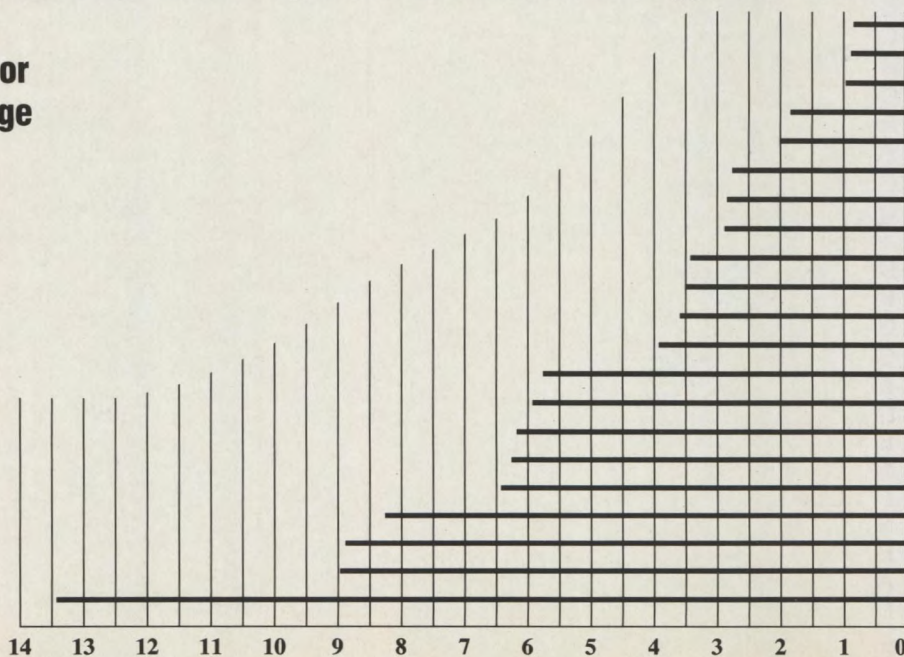

Educational excellence exists when there is an environment in which each member realizes her individual potential in both academic skills and as a worthy citizen in our society. Kappa Alpha Theta enhances this educational process of developing the whole person by providing a supportive and positive atmosphere, as well as by providing opportunities for leadership and personal development.
